VENDOR NAME: Nextel Communications**VENDOR FEIN: 52-1653244****SERVICE/PRODUCT NAME: Wireless Service and Equipment: Service****SERVICE/PRODUCT DESCRIPTION:**

Nextel Communications' integrated data and voice network provides customers with one single, dynamic integrated digital nationwide footprint; 100% digital cellular voice communications; digital "always on", IP-based packet data service; and no roaming charges within the U.S. Nextel's 4-in-1 wireless communication solution provides digital cellular, Direct Connect, Specialized Messaging Services, and wireless circuit and packet data.

Direct ConnectSM is the 2-way digital walkie-talkie feature that lets you get right through *instantly* without the hassles of voice mail, phone tag or time delays. Already built into every Nextel phone, Direct Connect lets you instantly contact coworkers, customers, suppliers, family and friends. It provides instant communication via a private or group "walkie-talkie"-like call. Direct Connect improves productivity and reduces "telephone tag", as Direct Connect calls do not terminate in a voice mailbox. It is also a fraction of the cost of cellular. VibriCall alert provides a discreet way to receive your Direct Connect calls. No other carrier provides you the ability to make such instantaneous private or group calls.

Group ConnectTM allows customers to instantly communicate with up to 25 people at once with the push of a button, using Direct Connect service. It is a great feature for team members who depend on timely, consistent communication. Instead of making multiple calls, customers can reach more people at once -- get answers and get back to work.

Nextel's wireless services include the following plans:
